# TUCANOS BRAZILIAN GRILL

## Welcome to the first edition of The Taste of Colorado Springs!

I am very excited to tell you about Tucanos Brazilian grill, located at 3294 Cinema Point, in Colorado Springs. This restaurant is conveniently located in the First and Main shopping Center, where there is ample shopping and entertainment.

Tucanos Brazilian Grill offers a fine dining experience with the value of all you can eat, that's right all you can eat! The restaurant features a salad island that has everything from salad with all the fixings, pasta, sushi rolls, antipastos and so much more. The salad island is a serve yourself buffet style with unlimited visits, on top of that, while you are dining on your salads, incredible meat items will be served table side and cut just for you. Everything is piping hot, incredibly juicy and flavorful. This style of meat is called churrasco, the meat is cooked rotisserie style with ample seasoning and basting and these little pieces of heaven are served directly off the spit at your table. The servers will continue to offer different meats to your table for as long as you would like. My personal favorite is the sweet and spicy chicken and bacon wrapped scallops, all of which are cooked to perfection.

Tucanos is open for lunch and dinner and offers an amazing bright and inviting atmosphere. You will enjoy upbeat Latin music while you dine and an amazingly pleasant wait staff. Be sure you visit this establishment while you have an empty stomach and make sure to leave room for dessert. The prices are so reasonable that you can bring your whole family, and there is something for everyone. Tucanos is really a hidden gem in Colorado Springs and I recommend everyone try it.
